

1. OBROT : DUROV SEKSTAKORD - d6

The diagram illustrates the construction of a D minor sixth chord (d6) on a treble clef staff. It shows two ways to build the chord:

- From a D minor triad (d⁵):** A D minor triad (D, F, A) is shown with intervals of m3 and m3. An arrow points to the addition of a C^b4 note, which is circled in green. The resulting chord is labeled d6.
- From a D major triad (D⁵):** A D major triad (D, F#, A) is shown with intervals of m3 and m3. An arrow points to the addition of a C^b4 note, which is also circled in green. The resulting chord is labeled d6.

$d6 = \overset{\check{c}4}{m3} \} m6$

DUROV 6 (d6) je sestavljen iz m3 spodaj, $\check{c}4$ zgoraj, ki ju zlepa m6.
