Povzetek

Blog z naslovom English can be fun, ki je dostopen na <http://angleski09.blogspot.si/>, je namenjen predvsem učencem 4. in 5. razreda OŠ, njihovim staršem in vsem, ki se prvič srečujejo z angleščino kot tujim jezikom. Blog je razdeljen na dva dela, in sicer English can be fun 4 in English can be fun 5. V prvem delu najdejo zase naloge in aktivnosti četrtošolci, v drugem delu pa petošolci. Na blogu lahko učenci najdejo tudi različne povezave, vezane na temo, ki jo obravnavamo v šoli, veliko zanimivih nalog, pravljič, pesmic, iger. Tako lahko učenci utrjujejo svoje znanje na zelo zanimiv način doma in v šoli. Na povezavah učenci dostopajo tudi do spletnega slovarja, s katerim si lahko učenci prevedejo neznane besede (angleške ali slovenske). Blog dnevno ali tedensko nadgrajujem in dodajam svoje naloge in učne liste pa tudi aktivnosti, povezane s poslušanjem. Posnamem se s programom Audacity in prispevek dodam na spletno stran. Učenci in starši lahko tako preverijo, ali je njihova angleška izgovorjava primerna in dovolj natančna.

Abstract

The Blog English can be fun is written and published for pupils, who are in fourth and fifth grade of primary school, their parents and everyone who encounters English as a foreign language for the first time. It is available on <http://angleski09.blogspot.si/>. Blog is divided into two parts: English can be fun 4 and English can be fun 5, where pupils can find the activities suitable for them. For example if pupils attend the fourth grade, the activities for them can be found in English can be fun 4. On the right side of the blog there are different kinds of topic links, like weather, time, food ... Those topics contain same vocabulary as taken in lessons. Links take pupils to fairy tales, nursery-rhymes and songs, appropriate for practicing English. One of the links is also an English-Slovene and Slovene-English dictionary, which helps them to translate the unknown word. The blog is upgraded every day or at least once a week. There are also listening tasks as well. I recorded myself using the Audacity, and put the record on the blog. These activities are helpful, because pupils and their parents can check if their pronunciation is correct and accurate.
