Povzetek

Spoznajte načine ter širok nabor brezplačne programske opreme in orodij, s katerimi lahko hitro, enostavno in učinkovito povežete vse člane izobraževalne skupnosti (učitelje, učence, starše, vodstvo šole ...). Poenostavite komunikacije, medsebojno sodelovanje in delo na skupnih projektih in aktivnostih ter omogočite vsem vpletenim v izobraževalni proces, da ostanejo povezani in dostopajo do podatkov in informacij kjerkoli in kadarkoli ne glede na napravo in platformo.

Abstract

Learn the methods and a wide range of free software and tools to enable fast, simple and effective connection of educational community members (teachers, students, parents, school management ...). Simplify communication, mutual cooperation and work on common projects and activities, and enable all involved in educational process to stay connected and access the data and information wherever and whenever regardless the device and platform.
