•

We planted our tulip on November the 20th. The weather in Slovenija is for this time very, very warm. We have 12 degrees C and this is 10 degrees more than usual.

You will find all about our work on this link

## The PEARL World Youth News (PEARL) Reporter Certification Program

is aimed to help secondary school students get started as international correspondents for a global youth [news service](#). From writing leads to finding sources and conducting interviews, this program discusses reporting **techniques** and the **ethics** of journalism, which are the cornerstone of a reporter's credibility.

# PEARL WORLD YOUTH NEWS

More than 60 students from these 9 countries have either joined the project as PEARL Reporters and Editors or are PEARL Reporters-in-Training. If you are a high school student, you can also join the news service as a PEARL Reporter by completing the reporter certification course.
